Dear Richard

On behalf of the Downtown Glendale Merchants Association (DGMA) I would like to say how pleased we are to be working with Help Worldwide. Your local team members are great ambassadors for your organization and you truly seem to understand both Glendale and the community we serve. We look forward to supporting your efforts and will encourage the participation of all of our members.

Glendale is a passionate community. Your business/community mission is a wonderful way to bring consumers, merchants and non-profit organizations together and we look forward to partnering with you on this endeavor.

Again, thank you for working with the DGMA and other similar organizations in Glendale; together we will make the community stronger, more profitable and charitably centered.

Sincerely,
